Course Overview

Prepare for your Maritime and Coastguard Agency (MCA) orals examination.

This intensive programme of study will provide the knowledge and understanding required by junior officers to perform as Engineering Officers of the Watch on board merchant vessels.

You will learn techniques to enable you to express your knowledge and to portray a high level of management skills during the oral examination interview.

Entry Requirements

There are no entry requirements for this course, however, this is a single element in a suite of qualifications needed when applying for the first certificate of competency (EOW). However, we do recommend that candidates have completed their approved sea service for this qualification in order to give context and add experience.

Career Options and Progression

Modules and Assessment

Teaching and Learning Methods

Teaching and learning is wholly class-room based and is centred on the knowledge and understanding required for the oral assessment. Questions and answer sessions are the core with any deficiencies addressed through explanation and relation to the appropriate regulations.

Industry Placement and Field Trips
