The majority of the Landlords will ask you to sign a contract/agreement which will be between your Landlord and yourself. If you are asked to sign a contract/agreement you are entering into a legally binding obligation and it is recommended that you ensure that you read any proposed contract carefully. It is very important that you have a clear understanding of the contract/agreement and what you are legally signing for. If you are unsure of any of the terms in your contract/agreement, please speak to your Landlord for clarification or contact a solicitor for further advice. The College is here to provide guidance in accommodation issues only should they arise. We cannot offer any legal advice in relation to contracts between you and your Landlord. Blackpool and the Fylde College provide this information as a service to students. The college cannot in any way take responsibility for ensuring that the accommodation meets any relevant statutory requirements.
